

Product color palette - swatch grid

Approved palette

Signal red - 32×32 px, intrinsic size

Moss green - 48×48 px, intrinsic size

Steel blue - 64×64 px, intrinsic size

Hazard stripe - 96×48 px, intrinsic size

Every swatch above is a data: URI PNG decoded by the loader; none of them fetches from the network. The grid cell width is controlled by the table, while each image keeps its intrinsic pixel size.
